

# MILESTONE 4

## Commitment to Purity

**Church Ceremony:**

Highlight Videos from Purity Celebrations

**Family Celebration:**

Purity Celebration

**Target Age Range:**

12-14 Years Old

**The Objective:**

Provide children with a biblical view of sex, intimacy, and purity

**Parent Seminar:**

This seminar covers topics like: Talking with your kids about sex, how to create open lines of communication between parents and kids, the difference between healthy and unhealthy relationships, modesty, purity (physical, emotional, and moral), and the ins and outs of the Purity Celebration.

**Celebration Description:**

Perhaps more than ever our society is confused about sex, intimacy, and purity. This is all the more reason to intentionally prepare our children to face these challenges from a biblical worldview. This Purity Celebration can be done in a variety of ways. Whether a small celebration in the living room or a large event with many people present, the Celebration should include a blessing given by parents and a pledge signed by the child. Some families might decide to give a gift, such as a ring, to mark this important milestone.
